Welcome Message

On behalf of the Organising Committee, it is our distinct honour to extend a cordial invitation to the forthcoming Global Conference on Updates in Obstetrics and Gynaecology (GCUOG 2026), which will be convened from 07th to 09th August 2026 at the Hyderabad International Convention Centre (HICC), Hyderabad, India.

The GCUOG 2026 represents a distinguished global forum, purposefully designed to facilitate the advancement of knowledge, the sharing of expertise, and the cultivation of meaningful professional collaboration within the domain of obstetrics and gynaecology. This highly anticipated event will assemble an eminent gathering of experts, esteemed researchers, clinicians, and leaders from the healthcare industry worldwide to exchange insights, deliberate on emerging trends, and address pivotal challenges impacting women's health.

The theme for this year's conference, "Innovations, Technology & Artificial Intelligence, Practice Updates - OBG 2026, DHEERA No To VAW towards Women's Health" epitomises our unwavering dedication to progress in scientific and technological advancements, while ardently championing healthcare that is both respectful and free from violence. The assembly aims to foster substantive discourse, inspire innovation, and contribute meaningfully to the future landscape of ethical and equitable practice in obstetrics and gynaecology.

We invite you to Hyderabad to actively participate in this pivotal initiative, dedicated to redefining and advancing the standards of women's healthcare through the integration of innovation and ethical practices.

We look forward to the privilege of your participation. Together, let us strive for excellence in women's health and wellbeing.

HYDERABAD

Hyderabad is the capital and largest city of the Indian state of Telangana. It covers an area of 650 km² (250 sq mi) on the Deccan Plateau, along the banks of the Musi River, in the northern part of southern India. Situated at an average altitude of 542 m (1,778 ft), much of Hyderabad lies on hilly terrain dotted with artificial lakes, including Hussain Sagar Lake, which predates the city's founding and is located north of the city centre. According to the 2011 Census of India, Hyderabad is the fourth-most populous city in India, with a population of 9.8 million within city limits and 10.9 million in the metropolitan region, making it the sixth-most populous metropolitan area in the country. With an estimated economic output of US\$74 billion, Hyderabad has the fifth-largest urban economy in India. Hyderabad has also been honoured with the 'World Green City 2022' Award.
